

A photograph of a grand, ornate interior space, likely a gallery or hall, undergoing renovation. The room features high ceilings with intricate painted decorations and gold leaf accents. Large, light-colored stone columns support the structure. The floor is made of polished stone tiles. In the background, there are large arched windows. To the left, a metal scaffolding structure is visible, indicating ongoing work. The overall atmosphere is one of historical grandeur and architectural detail.

The new Installation of the Kunstkammer Wien
